

Overview >>

Fлимп® makes it easy for you to incorporate Rich Media and Video Marketing with Analytics into your online marketing, sales and communications programs to drive higher engagement and response rates.

Using Fлимп®, anyone can quickly create and distribute rich media email messages, marketing collateral and landing pages that can instantly track and report viewer engagement, response and viral activity by viewer email address. **All without any programming or IT resources.**

Fлимп Analytics are integrated with most major email service providers, so it is very easy and inexpensive to plug into your existing direct marketing, sales and communications programs.

Key Features >>

- Create rich media collateral and video landing pages with viewer reporting
- Drag and drop flash creative interface
- Flexible web form builder – no coding
- Reports viewer data by email address
- See who watched, for how long and the response/viral actions viewers took
- “Clone” existing flimps in seconds to create new marketing campaigns
- Built-in distribution tools to deliver rich messages to target audiences
- Open API and data export functions
- Integrates with most email marketing services and personal email accounts
